Inspire!

“Hold fast to dreams,
For if dreams die,
Life is a broken-winged bird
That cannot fly.”

Langston Hughes

Dear

Each day Peak Education strives to inspire students facing economic and cultural barriers to believe in their dreams of going to college and building lives of possibility, not limitations. Our collaboration with Harrison School District 2, post-secondary institutions, community partners and families is changing lives. Over the past 16 years:

95% of our students graduate from high school in four years

93% enroll in post-secondary educational programs

More than **80%** are still in college or have graduated

For Alejandra Pedraza, 2014 Harrison High School Valedictorian and Daniels Fund Scholar: “Being part of Peak Education was the greatest opportunity given me and I’m proud to have embraced it.”

**Each of us has our own source of inspiration. Who inspired you?
A teacher...mentor....family member....friend....coach?**

Inspire!
